ABOUT US

Complete Cable Company LLC continues a 20+ year tradition of American-made wire harness manufacturing in Saint Joseph, Michigan. Originally founded in the early 2000s and operated under the *Accurate Cable* and *Complete Cable Co.* names, the business was formally established as Complete Cable Company LLC in January 2026 under second-generation family ownership.

We specialize in build-to-print wire harnesses, cable assemblies, and automotive test harness solutions — supporting OEM and Tier-1 customers from early prototype development through repeat production. Two decades of continuous Michigan-based manufacturing, now operating from a newly established facility in Saint Joseph, with the same commitment to hands-on quality.

CAPABILITIES

- Custom build-to-print wire harness and cable assembly manufacturing
- Automotive mirror test harnesses and validation assemblies
- Prototype, low-volume, and repeat production builds
- Wire cutting, stripping, crimping, and full harness assembly
- Multi-gauge wire processing — multiple wire sizes; PVC and SRPVC
- Cable routing, bundling, labeling, and kitting
- Engineering support for new terminal selections and design transitions
- 100% electrical continuity testing on every assembly shipped

WHY CUSTOMERS CHOOSE US

- Proven Tier-1 supplier — 20+ years supporting a leading automotive mirror manufacturer
- Fast quoting — typical turnaround within 48 hours
- Rapid prototypes — 3-7 business days when materials are on hand
- Production lead time — standard 30 business days; rush options available
- Owner-led decisions — direct access to ownership, no account-manager telephone
- Made in Michigan — short, transparent U.S. supply chain

INDUSTRIES SERVED

- Automotive (OEM and Tier-1) — current focus

Open to new opportunities in industrial equipment, appliances, robotics, medical, and government contracting.
